1	Depends on if it fits into work commitments.	8/1/2016 7:41 AM
2	As we have a young child to care for and would find an evening meeting hard to attend, might it be an idea to video link people who are interested? I would like that option.	7/20/2016 6:24 PM

Q5 Do you have any views or opinions on the surgery participating in research?

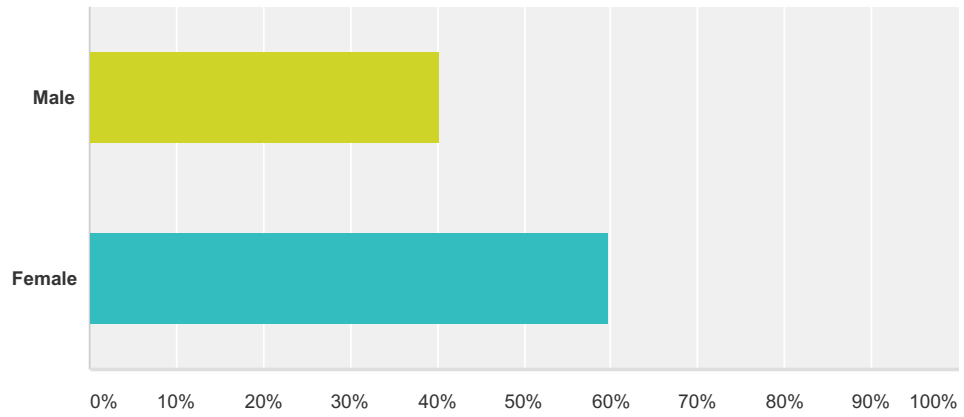

Answered: 41 Skipped: 21

#	Responses	Date
1	Its a brilliant idea.	8/4/2016 5:51 PM
2	Research is a good thing & the way forward. I wonder if the surgery is paid to allow this what happens to the funds?	8/1/2016 7:41 AM
3	It is a good idea. Suggest you use patient records to screen for heart disease, cancers etc ti see if common prescribed medicines have possible additional benefits for other conditions e.g. Alzheimers,	7/31/2016 3:12 PM
4	I think it can only be a positive, without the research no modern methods could be developed.	7/27/2016 5:26 PM
5	I think this is a very good idea.	7/26/2016 8:51 AM
6	I think it's a great thing to be involved in	7/24/2016 8:30 AM
7	I believe it's a positive thing for you to be doing.	7/23/2016 10:52 AM
8	Very much in favour.	7/22/2016 5:07 PM
9	No problem as long as they make you aware of any side affects and risks involved.	7/22/2016 4:13 PM
10	It's very positive,	7/21/2016 7:39 AM
11	As long as there are patients willing to take part it can only be a really good thing.	7/21/2016 6:48 AM
12	I think it is a good thing.	7/20/2016 8:35 PM
13	Totally agree with participating in research that helps to find cures or prevent onset of various medical conditions	7/20/2016 7:40 PM
14	Only to ensure the right patients are approached given medication interactions etc.	7/20/2016 7:39 PM
15	I believe all properly conducted medical research is important and of benefit to us all.	7/20/2016 7:29 PM
16	It is an excellent thing to do.	7/20/2016 6:24 PM
17	It can only be a good thing to do	7/20/2016 6:05 PM
18	I think that it is a good thing provided that patients are properly informed about all the relevant options available	7/20/2016 5:49 PM
19	I think it can be beneficial	7/20/2016 5:46 PM
20	Very good thing	7/20/2016 5:15 PM
21	I agre with the surgery participation, as such involvement. Can only result in greater numbers of patients involved in research, thus hopefully leading to better results	7/20/2016 5:03 PM
22	It has to be positive action. and patients can only benefit from this activity.	7/20/2016 4:25 PM
23	Its a good thing for the sugery to be involved in this sort of research	7/20/2016 4:04 PM
24	I think it is a good idea. To move on medical treatments research need to be done	7/20/2016 3:41 PM
25	Support but I think a more targeted approach is necessary (even for a control group). Just seeing a notice is unlikely to recruit many volunteers.	7/20/2016 3:23 PM
26	I am sure this is helpful. With regard to the email about Rose Rd Association based meeting I don't drive and it is not feasible for me to get there .	7/20/2016 3:17 PM
27	Its important to offer patients a chance to participate so that research can be carrief out	7/20/2016 3:00 PM
28	Research into prevention can only be good news and cost effective for the NHS.	7/20/2016 2:58 PM
29	I think it's a good thing as I believe outcomes are very much improved for patients in research studies	7/20/2016 2:57 PM
30	It is an excellent thing to do.	7/20/2016 2:38 PM
31	It is always a good thing to keep up to date	7/20/2016 1:16 PM
32	In think this is a good idea as research is important	7/20/2016 1:15 PM
